It’s easy to get lost in a crowd!

Our Sunday services are a vital part of our church life, but they’re not the place to build deep and meaningful relationships with other Christians.

We often long to pray with others about what’s going on in our lives. We often long to read the Bible with others so they can help us to understand difficult passages. Sometimes we just long for another Christian to talk to. That’s why small groups are so important in the life of the local church.

Maybe you’re thinking about starting a small group in your church. Maybe you’re a small group leader who’s got lots of experience, but you feel the need to sharpen your skills. Or you’re somewhere in between. Why not join us for 5 nights to learn more about how to be an effective small group leader?

Using video content and group discussions and following ‘The Small Group and the Vine’ programme, we’ll explore the ways in which God builds his church through small groups.

Let’s make sure that people in your church don’t get lost in the crowd!
